

**City of Caney, KS
Regular Council Meeting Agenda
Monday, June 17, 2024 – 6:30 p.m.**

1. CALL TO ORDER

2. ROLL CALL

Zach Ellison		Justin Harkey		Aaron Elliott		Lori Patterson	
Valerie Hurd		Kenith Butts		Addie Traxson		Debbie Wood	

3. PLEDGE OF ALLEGIANCE

4. INVOCATION

5. PUBLIC COMMENTS

The Council only allows public comments from anyone who has filled out a "Request for Communication with City Council." Comments shall be limited to 3 minutes unless extended by a majority of the Council. The Council does not hear matters involving litigation or City Personnel. The Council does not take action on subjects not on the agenda unless unusual or hardship conditions exist.

6. CONSENT AGENDA

The items listed below are considered to be routine by the City Council and may be approved in one motion.

A. Approval of the City Council meeting minutes of June 3, June 10, and June 11, 2024

B. Approval of Appropriations and Payroll Ordinance No. 06/13/2024 in the amount of \$416,421.95

1. A-R Roofing	\$24,251.15
2. Community Nat. Bank	\$2,747.91
3. AWG	\$17,303.46
4. Caney City Library	\$5,357.38
5. Frito-Lay	\$2,381.82
6. Horseshoe Construction	\$279,270.00
7. Evergy	\$14,152.02
8. Tyler Tech	\$25,820.36
9. Brenntag	\$8,169.26
10. Pepsi	\$2,286.69
11. Waste Connections	\$19,443.45

Motion made by _____; seconded by _____. Vote: _____

7. OLD BUSINESS

8. NEW BUSINESS

A. Discussion, consideration, and possible action on enacting Resolution 2024-19 to accept FEMA Update to the Homeland Security Region H Hazard Mitigation Plan.

Motion made by _____; seconded by _____. Vote: _____

B. Discussion, consideration, and possible action on paying the Application & Certified Payment #1 from Horseshow Construction in the amount of \$279,270.00.

Motion made by _____; seconded by _____. Vote: _____

C. Discussion, consideration, and possible action on advertising for the position of a part-time certified Treasurer.

Motion made by _____; seconded by _____. Vote: _____

9. DEPARTMENT REPORTS

Mayor Joshua Elliott
City Administrator Kelley Zellner
City Clerk Wendy Wickham

10. COUNCIL COMMENTS

Council Member Hurd
Council Member Ellison
Council Member Patterson
Council Member Elliott
Council Member Butts
Council Member Traxson
Council Member Wood
Council Member Harkey

11. INFORMATIONAL ITEMS

Council Workshop: Tuesday, June 18, 2024
City Offices closed: Wednesday, June 19, 2024
Next City Council Meeting: Monday, July 1, 2024

12. ADJOURNMENT

Motion made by _____; seconded by _____. Vote: _____

**City of Caney
Minutes Regular Council Meeting
Monday, June 3, 2024**

Call Meeting to Order Mayor Joshua Elliott

Roll Call

Zach Ellison-Absent	Justin Harkey	Aaron Elliott-Absent	Lori Patterson
Valerie Hurd	Kenith Butts	Addie Traxson	Debbie Wood

Pledge of Allegiance Mayor Joshua Elliott

Invocation Mayor Joshua Elliott

Public Comments

The Council only allows public comments from anyone who has filled out a "Request for Communication with City Council." Comments shall be limited to 3 minutes unless extended by a majority of the Council. The Council does not hear matters involving litigation or City Personnel. The Council does not take action on subjects not on the agenda unless unusual or hardship conditions exist.

Consent Agenda Mayor Joshua Elliott

A.	Approval of the Minutes for the 5/20/24 Meeting		
B.	Appropriations and Payroll Ordinance No. 5/17/2024		\$221,201.34
1.	JT Paint & Design	\$8,500.00	
2.	City of Sedan Kansas	\$25,000.00	
3.	Associated Wholesale Grocery	\$33,250.53	
4.	KPERS	\$14,869.04	
5.	Montgomery County Action Council	\$2,625.00	
6.	Blue Cross/Blue Shield	\$22,157.36	
7.	Evergy	\$11,674.36	
8.	Caney Electric	\$5,625.59	
9.	Wex Bank	\$3,863.36	
10.	Federal Withholding	\$24,377.57	
11.	State Withholding	\$4,388.87	
12.	Acrisure LLC	\$42,410.75	
13.	Higher Calling Technologies	\$2,004.50	
C.	Approval of Purchases for Main Street Auto		\$1,285.43
1.	2003 Chevrolet-Hub Bearing	\$404.73	
2.	2020 Ford-Windshield	\$520.97	
3.	2013 Chevrolet-Windshield	\$316.67	
4.	2003 Chevrolet-Oil Change	\$43.06	

Councilperson Patterson makes a motion to approve the Consent Agenda Items A-B as presented. Councilperson Wood seconds the motion. Motion carries: 6-0.

Councilperson Patterson makes a motion to approve the Consent Agenda Item C as presented. Councilperson Wood seconds the motion. Motion carries: 6-0.

Old Business

1. Tire mulch at Park
No meeting yet – nothing to report

2. Mayor Josh Elliott addressed Brian Whicker on his public comment

New Business

1. Presentation from Historical Society/Museum Dale & Gina McBride
2. Bids for shingle roof replacement (various buildings)Kelley Zellner
 - A. South Roofing, Independence, KS (all) \$64,185.18
 - B. A-R Roofing, Pratt, KS (all) \$64,448.84
 - C. Ridgeline Roofing, Joplin, MO (excludes store & library) \$23,503.60

Councilperson Butts makes a motion to approve the bid to South Roofing at a cost of: \$64,185.18 as presented. Councilperson Traxson seconds the motion. Motion carries: 6-0.

3. Bids for roof replacement with TPO (City Hall)Kelley Zellner
 - A. A-R Roofing, Pratt, KS \$48,502.30
 - B. Ridgeline Roofing, Joplin, MO \$86,320.20

Councilperson Patterson makes a motion to approve the bid from A-R Roofing at a cost of: \$48,502.30 as presented. Councilperson Butts seconds the motion. Motion carries: 6-0.

4. Technical Proposal & Cost Estimate from Buried Past Consulting, LLC.Kelley Zellner

Councilperson Hurd makes a motion to approve Buried Past Consulting, LLC, as presented. Councilperson Traxson seconds the motion. Motion carries: 6-0.

5. Appoint Grant Administrator for CDBG Housing Grant as presented.....Kelley Zellner
 - A. South Central Kansas Economic Development District \$30,000.00
 - B. Southeast Kansas Regional Planning Commission \$27,000.00
 - C. Amber Dean Consulting \$20,000.00

Councilperson Patterson makes a motion to approve the bid from South Central Kansas Economic Development District at a cost of: \$30,000.00 as presented. Councilperson Wood seconds the motion. Motion carries: 4-2.

6. Approval to pursue a \$.25 tax increase to cover library wages, museum utilities, and grocery building loan.Kelley Zellner

Tabled until June 17, 2024 Workshop

7. Approve Resolution 2024-12: Junked Motor Vehicle Abatement at 504 N East Caney.

Councilperson Hurd makes a motion to approve Resolution 2024-12: Junked Motor Vehicle Abatement at 504 N East Caney as presented. Councilperson Patterson seconds the motion. Motion carries: 4-2.

8. Approve Resolution 2024-15: Junked Motor Vehicle Abatement at 200 W 3rd Avenue.

Councilperson Hurd makes a motion to approve Resolution 2024-15: Junked Motor Vehicle Abatement at 200 W 3rd Avenue as presented. Councilperson Wood seconds the motion. Motion carries: 4-2.

9. Approve Resolution 2024-16: Junked Motor Vehicle Abatement at 202 S Bradley Street.

Councilperson Wood makes a motion to approve Resolution 2024-16: Junked Motor Vehicle Abatement at 202 S Bradley Street as presented. Councilperson Patterson seconds the motion. Motion carries: 4-2.

10. Approve Resolution 2024-17: Junked Motor Vehicle Abatement at 508 E 4th Avenue.

Councilperson Wood makes a motion to approve Resolution 2024-17: Junked Motor Vehicle Abatement at 508 E 4th Avenue as presented. Councilperson Patterson seconds the motion. Motion carries: 4-2.

11. Approve Resolution 2024-18: Junked Motor Vehicle Abatement at 209 S State Street.

Councilperson Patterson makes a motion to approve Resolution 2024-18: Junked Motor Vehicle Abatement at 209 S State Street as presented. Councilperson Wood seconds the motion. Motion carries: 4-2.

Business

1. Executive Session I
To discuss confidential information relating to financial affairs according to K.S.A 75-4319 b(4). Possible action can be taken.

Councilperson Ellison moves to recess into Executive Session to discuss confidential information relating to financial affairs according to K.S.A 75-4319 (b4) for 15 minutes to include the City Council and Mayor. Entering in at 6:01 p.m. and returning to regular session at 6:16 p.m. Councilperson Hurd seconds the motion. Motion carries: 7-0

Councilperson Hurd moves to extend the Executive Session for an additional 15 minutes at 6:32 p.m. and returning at 6:47 p.m. Councilperson Ellison seconds the motion. Motion carries: 7-0

Councilperson Ellison moves to return to Regular Session at 6:31 p.m. Councilperson Hurd seconds the motion. Motion carries: 7-0.

2. Executive Session II
To discuss Non-Elected Personal b(4) personnel matters of non-elected personnel according to K.S.A. 75-4319 b(1). Possible action can be taken.

Councilperson Elliott moves to recess into Executive Session to discuss personnel matters of non-elected personnel according to K.S.A. 75-4319 (b1) for 15 minutes to include the City Council and Mayor. Entering in at 6:31 p.m. and returning to regular session at 6:46 p.m. Councilperson Hurd seconds the motion. Motion carries: 7-0

Councilperson Traxson moves to extend the Executive Session for an additional 5 minutes at 6:46 p.m. and returning at 6:51 p.m. Councilperson Hurd seconds the motion. Motion carries: 7-0

Councilperson Patterson moves to return to Regular Session at 6:52 p.m. Councilperson Traxson seconds the motion. Motion carries: 7-0.

3. Action on rescinding the council vote on Monday, June 10, 2024 to move forward on accepting bids for the contracting of a licensed bookkeeper for Bank Check Reconciliations.

Councilperson Ellison moves to rescind the council vote on Monday, June 10, 2024 to move forward on accepting bids for the contracting of a licensed bookkeeper for Bank Check Reconciliations. Councilperson Hurd seconds the motion. Motion carries: 7-0.

4. Enter into a contract with Amber Dean, at a rate of \$20.00 per hour, a maximum of 20 hours per week, to catch up on Bank Check Reconciliations. Once caught up, the hours would be around 10 hours per week on average if not less.

Councilperson Hurd moves to enter into a contract with Amber Dean, at a rate of \$20.00 per hour, a maximum of 20 hours per week, to catch up on Bank Check Reconciliations. Once caught up, the hours would be around 10 hours per week on average if not less. Councilperson Ellisonh seconds the motion. Motion carries: 6-1.

Adjournment

Councilperson Hurd moves to adjourn the meeting at 7:08 p.m. Councilperson Wood seconds the motion. Motion carries 7-0.

Resolution # 2024-19 : Adopting the Kansas Homeland Security Region H Hazard Mitigation Plan

Whereas, the (_____ City of Caney, Kansas _____) recognizes the threat that natural hazards pose to people
Name of Government/District/Organization
and property within our community; and

Whereas, undertaking hazard mitigation actions will reduce the potential for harm to people and property from future hazard occurrences; and

Whereas, the U.S. Congress passed the Disaster Mitigation Act of 2000 (“Disaster Mitigation Act”) emphasizing the need for pre-disaster mitigation of potential hazards;

Whereas, the Disaster Mitigation Act made available hazard mitigation grants to state and local governments; and

Whereas, an adopted Hazard Mitigation Plan is required as a condition of future funding for mitigation projects under multiple Federal Emergency Management Agency (FEMA) pre- and post-disaster mitigation grant programs; and

Whereas, the (_____ City of Caney, Kansas _____) fully participated in the FEMA prescribed mitigation
Name of Government/District/Organization
planning process to prepare this Multi-Hazard Mitigation Plan; and

Whereas, the Kansas Division of Emergency Management and FEMA Region VII officials have reviewed the Kansas Homeland Security Region H Hazard Mitigation Plan, and approved it contingent upon this official adoption of the participating governing body; and

Whereas, the (_____ City of Caney, Kansas _____) desires to comply with the requirements of the Disaster
Name of Government/District/Organization
Mitigation Act and to augment its emergency planning efforts by formally adopting the Kansas Homeland Security Region H Hazard Mitigation Plan; and

Whereas, adoption by the governing body for the (_____ City of Caney, Kansas _____) demonstrates the
Name of Government/District/Organization
jurisdictions’ commitment to fulfilling the mitigation goals and objectives outlined in this plan, and

Whereas, adoption of this legitimizes the plan and authorizes responsible agencies to carry out their responsibilities under the plan.

Now, therefore, be it resolved, that the (_____ City of Caney, Kansas _____) adopts the Kansas Homeland
Name of Government/District/Organization
Security Region H Hazard Mitigation Plan as an official plan; and

Be it further resolved, the (_____ City of Caney, Kansas _____) will submit this Adoption Resolution to the Kansas
Name of Government/District/Organization
Division of Emergency Management and FEMA Region VII officials to enable the plan’s final approval.

Section 1 – Introduction, Assurances, and Adoption

1.1 Introduction

Mitigation is commonly defined as sustained action taken to reduce or eliminate long-term risk to people and their property from hazards and their effects. Hazard mitigation planning provides communities with a roadmap to aid in the creation and revision of policies and procedures, and the use of available resources, to provide long-term, tangible benefits to the community. A well-designed hazard mitigation plan provides communities with realistic actions that can be taken to reduce potential vulnerability and exposure to identified hazards.

This Multi-Jurisdictional Natural Hazard Mitigation Plan (HMP) was prepared to provide sustained actions to eliminate or reduce risk to people and property from the effects of natural and man-made hazards. This plan documents the Kansas Region H and its participating jurisdictions planning process and identifies applicable hazards, vulnerabilities, and hazard mitigation strategies. This plan will serve to direct available community and regional resources towards creating policies and actions that provide long-term benefits to the community. Local and regional officials can refer to the plan when making decisions regarding regulations and ordinances, granting permits, and in funding capital improvements and other community initiatives.

Specifically, this hazard mitigation plan was developed to:

- Update the 2019 HMP
- Build for a safer future for all citizens
- Foster cooperation for planning and resiliency
- Identify, prioritize, and mitigate against hazards
- Assist with sensible and effective planning and budgeting
- Educate citizens about hazards, mitigation, and preparedness
- Comply with relevant federal requirements

This plan has been designed to be a living document, a document that will evolve to reflect changes, correct any omissions, and constantly strive to ensure the safety of all citizens.

1.2 Assurances

In an effort to reduce natural disaster losses, the United States Congress passed the Disaster Mitigation Act of 2000 (DMA 2000) in order to amend the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act). DMA 2000 amended the Stafford Act by repealing the previous Mitigation Planning section (409) and replacing it with a new Mitigation Planning section (322). Section 322 of the DMA makes the development of a hazard mitigation plan a specific eligibility requirement for any local government applying for Federal mitigation grant funds. This HMP was prepared to meet the requirements of the DMA 2000, as defined in regulations set forth by the Interim Final Rule (44 Code of Federal Regulations (CFR) Part 201.4).

All adopting jurisdictions certify that they will comply with all applicable Federal statutes and regulations during the periods for which they receive grant funding, in compliance with 44 CFR 13.11(c), and will amend this plan whenever necessary to reflect changes in State or Federal laws and statutes as required in 44 CFR 13.11(d).

This hazard mitigation plan was prepared to comply with all relevant requirements of the Robert T. Stafford Disaster Relief and Emergency Assistance Act of 1988, as amended by the Disaster Mitigation Act of 2000. This plan complies with all the relevant requirements of:

- Code of Federal Regulations (44 CFR) pertaining to hazard mitigation planning
- Federal Emergency Management Agency (FEMA) planning directives and guidelines
- Interim final, and final rules pertaining to hazard mitigation planning and grant funding
- Relevant presidential directives
- Office of Management and Budget circulars
- Any additional and relevant federal government documents, guidelines, and rules.

1.3 Authorities

The HMP relies on the authorities given to participating jurisdictions by its citizens and encoded in local and state law. This plan is intended to be consistent with all policies and procedures that govern activities related to the mitigation programming and planning. In all cases of primacy, State of Kansas and local laws, statutes, and policies will supersede the provisions of the plan.

1.4 Plan Adoption

Upon review and approved pending adoption status by FEMA Region VII, adoption resolutions will be signed by the participating jurisdictions. FEMA approval documentation may be found in Appendix A. Jurisdictional adoption resolutions may be found in Appendix B.

Administration and oversight of the hazard mitigation program is the responsibility of the Kansas Division of Emergency Management (KDEM) Mitigation Bureau and local county Emergency Management Departments. The plan will be reviewed annually and will be updated every five years, or as required by changing hazard mitigation regulations or guidelines.

Section 2 – Documentation of the Planning Process

2.1 Planning Process

The process established for this planning effort is based on the Disaster Mitigation Act of 2000 planning and update requirements and the FEMA associated guidance for local hazard mitigation plans. To accomplish this, the following planning process methodology was followed:

- Inform, invite, and involve other mitigation plan stakeholders throughout the state, including federal agencies, state agencies, regional groups, businesses, non-profits, underserved communities, and local emergency management organizations.
- Conduct a thorough review of all relevant current and historic planning efforts.
- Collect data on all related state plans and initiatives, local plans' hazard risk, local plans' mitigation strategies and actions, state owned facilities, flood plains, Repetitive Loss/Severe Repetitive Loss properties, hazard events, on-going and completed mitigation actions, and mitigation program changes since the development of the previous plan.
- Conduct a review of all related and relevant state and local plans for integration and incorporation.
- Develop the planning and project management process, including methodology, review procedures, details about plan development changes, interagency coordination, planning integration, and the organization and contribution of stakeholders.
- Develop and update the profile of Kansas Region H.
- Complete a risk and vulnerability assessment using a Geographic Information System (GIS) driven approach using data from the FEMA and other federal and state agency resources. Analyses were conducted at the state level, county by county, of state-owned facilities, and county by county drawing on local assessments.
- Develop a comprehensive mitigation strategy effectively addressing Kansas Region H's hazards and mitigation program objectives. This included identifying state and local capabilities, reviewing pre and post disaster policies and programs, identifying objectives and goals, identifying mitigation actions and projects, and assessing mitigation actions and projects.
- Determination and implementation of a plan maintenance cycle, including a timeline for plan upgrades and improvements.
- Submission of the plan to FEMA for review and approval.

2.2 Hazard Mitigation Planning Equity

Planning equity refers to the principle of fairness and justice in planning and development processes. It emphasizes the equitable distribution of resources, opportunities, and benefits among all members of a community, particularly those who have historically been marginalized or disadvantaged. The concept of planning equity recognizes that planning decisions can have significant impacts on different groups of people and aims to ensure that these decisions promote social justice and inclusivity. It involves addressing spatial inequalities, such as disparities in access to housing, transportation, public services, green spaces, and employment opportunities.

Planning equity entails involving diverse stakeholders in decision-making processes, including community members, advocacy groups, and underrepresented populations. It seeks to empower marginalized communities by giving them a voice in shaping the development and planning policies that directly affect their lives.

Planning equity and hazard mitigation planning are closely related, as both aim to create more resilient and inclusive communities. As part of this planning effort, the following intersections were considered between planning equity and hazard mitigation planning:

- **Vulnerability assessment:** Planning equity recognizes that certain communities, particularly marginalized and disadvantaged populations, may be more vulnerable to hazards due to social, economic, and environmental factors. When conducting a vulnerability assessment as part of hazard mitigation planning, it is important to consider equity issues and identify areas or groups that may experience disproportionate impacts.
- **Engaging marginalized communities:** Planning equity emphasizes the inclusion and participation of diverse stakeholders, including marginalized communities, in decision-making processes. In hazard mitigation planning

it is crucial to engage these communities to understand their unique needs, concerns, and perspectives regarding hazards.

- Addressing social disparities: Hazard mitigation planning can help address social disparities by considering the unequal distribution of resources and opportunities in the context of hazards. This can involve implementing mitigation measures that specifically target vulnerable populations, such as affordable housing in safer areas or improved access to emergency services and transportation for underserved communities.
- Equitable distribution of resources: Planning equity promotes the equitable distribution of resources, and this principle can be applied to hazard mitigation planning. It involves ensuring that mitigation measures and investments are allocated fairly, with consideration given to communities that have historically received less attention or investment. This can help reduce existing disparities and enhance the resilience of marginalized communities.

By integrating planning equity into hazard mitigation planning, it becomes possible to develop strategies and actions that not only reduce the risks associated with hazards but also promote social justice, inclusivity, and resilience for all members of the community.

As part of this planning process, the MPC considered potential inequities within the region and encouraged the participation of potentially vulnerable citizens and communities. This process began with recognizing that disparities exist within the region, including health outcomes and living conditions for people of color, people with disabilities, and historically disadvantaged communities. It was recognized that these populations may be at greater risk to the hazards identified in this plan and may be limited in their ability to adapt, respond, and recover if an event were to occur.

2.3 2024 Plan Update

In undertaking this planning effort, the KDEM determined that wide variances in planning format and data do not allow for effective continuous planning. To provide planning continuity every effort was made during this plan update to adhere as closely as possible to elements of the 2019 HMP. As such, the level of analysis and detail included in this risk assessment is cumulative, allowing participating jurisdictions to have a robust base to further mold and improve their mitigation strategies over the next five years.

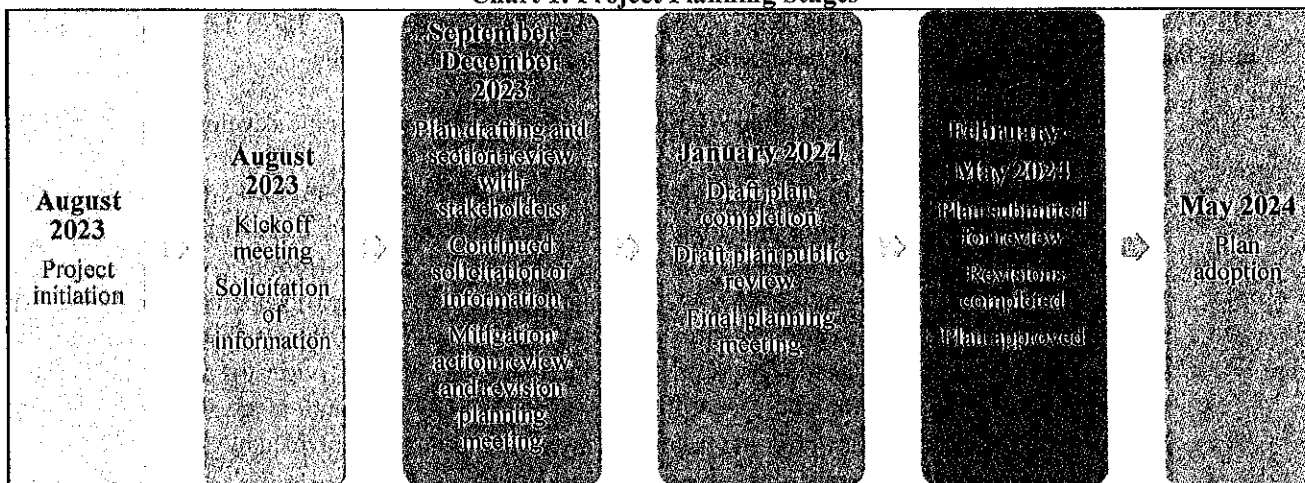

As part of this planning effort, each section of the previous mitigation plan was reviewed and revised based on current and available data. The plan was reviewed and revised against the following elements:

- Compliance with the current regulatory environment
- Completeness of data
- Correctness of data
- Capability differentials
- Current regional environment

Based on the above criteria, each section of the 2019 HMP was reviewed and revised as required. In addition to data revisions, the format and sequencing of the previous plan was updated for ease of use and plan clarity. Additionally, during this process, and after a thorough review and discussion with all stakeholders, it was determined that the priorities of the Kansas Region H in relation to hazard mitigation planning have not changed during the five years of the previous planning cycle.

The Kansas Region H HMP review and revision process began in August 2023, with the first public meeting held in August 2023. The following chart indicates the planning stages completed as part of this process:

Chart 1: Project Planning Stages

2.4 Planning Document Resources

The hazard mitigation plan is an overarching document that is both comprised of, and contributes to, various other jurisdictional plans. In creating this plan, all the planning documents identified below were consulted and reviewed, often extensively. In turn, when each of these other plans is updated, they will be measured against the contents of the hazard mitigation plan.

Below is a list of the various planning efforts, sole or jointly administered programs, and documents reviewed and included in this hazard mitigation plan. While each plan can stand alone, their review and functional understanding was pivotal in the development of this plan and further strengthens and improves a jurisdiction's resilience to disasters.

- **Kansas Region H 2019 Multi-Jurisdictional Natural Hazard Mitigation Plan**
The previous HMP has been reviewed and is incorporated throughout this plan per FEMA requirements.
- **Jurisdictional Comprehensive Plans**
These plans, as available, set policies that help the jurisdiction address critical issues facing the community, achieve goals based on priority, and coordinate public and private efforts for mutual success. They also provide the historical context, background, and current data necessary to understand issues and choose solutions as well as seek various forms of funding.
- **Participating Jurisdictions Master and/or Comprehensive Plans:**
These plans, as available, help jurisdictions set policies that help address critical issues facing the community, achieve goals based on priority, and coordinate public and private efforts for mutual success. They also provide the historical context, background, and current data necessary to understand issues and choose solutions as well as seek various forms of funding.
- **Participating Jurisdiction Critical Facilities List**
The MPC compiled a list of critical facilities and pertinent information on those facilities. This list is used throughout the plan and is the basis for the vulnerability assessments and loss estimates. The complete list is posted in Appendix E.
- **Jurisdictional Emergency Operations Plans**
These plans are used by jurisdictions to develop procedures for the protection of personnel, equipment, and critical records to help determine existing established policies that ensure the continuity of government and essential services during and after disasters.
- **State of Kansas Hazard Mitigation Plan**
The State of Kansas Hazard Mitigation Plan is intended to provide the framework for hazard mitigation. This plan set a baseline for standards and practices for hazard mitigation planning and was used as a resource for information and data.
- **Participating Jurisdiction Planning and Zoning Documents and Ordinances**
These documents were reviewed, assessed, and cataloged to compile each participating jurisdiction's capabilities.

2.5 Technical Resources

The MPC employed a variety of technical resources during plan development. These technical resources were instrumental in completing an accurate vulnerability and risk assessment, and include:

- **Kansas Emergency Operations Plan Mapping Program:** Assisted with the development of maps for this plan.
- **FEMA Digital Flood Insurance Rate Maps:** FEMA’s National Flood Hazard Layer data was instrumental in mapping floodplain locations and estimating potential flood impacts and loss estimates.
- **FEMA National Risk Index (NRI):** An online mapping application that identifies communities most at risk to natural hazards. The mapping service visualizes natural hazard risk metrics and includes data about expected annual losses from natural hazards, social vulnerability, and community resilience. The NRI’s interactive web maps are at the county and Census tract level and made available via GIS services for custom analyses.
- **National Oceanic and Atmospheric Administration (NOAA)/National Centers for Environmental Information (NCEI):** Weather data and historical events were primarily provided by NCEI.
- **U.S. Army Corps of Engineers (USACE):** Levee and flood control data.
- **U.S. Department of Agriculture (USDA):** Drought and agricultural data.
- **U.S. Geological Survey:** Geologic hazard occurrence and probability data.
- **National Weather Service (NWS):** Storm event occurrence and probability data.
- **KDEM:** Dam safety program and hazardous material data.

2.6 Mitigation Planning Committee

Project initiation began with the selection of a Mitigation Planning Committee (MPC), consisting of each participating county emergency manager from Kansas Region H and KDEM Mitigation Bureau staff. From project inception to completion, the MPC was notified at each major plan development milestone through a combination of meetings and electronic communication.

In general, all MPC members were asked to participate in the following ways:

- Attend and participate in meetings
- Assist with the collection of data
- Assure the accuracy and completeness of data
- Assist with the revision and development of mitigation actions
- Review planning elements and drafts
- Integrate hazard mitigation planning elements with other planning mechanisms

As an additional responsibility as part of the MPC, KDEM members helped establish project operating procedures and timelines, and assisted with the establishment of project milestones.

The following table represents members of the MPC:

Table 1: MPC Members

County	Representative	Title
Allen County	Jason Trego	Emergency Manager
Bourbon County	Will Wallis	Emergency Manager
Cherokee County	Jared Glover	Emergency Manager
Crawford County	Rusty Akins	Emergency Manager
Elk County	Erica Cordell	Emergency Manager
Greenwood County	Levi Vinson	Emergency Manager
Labette County	Charles Morse	Emergency Manager
Montgomery County	Riek Whitson	Emergency Manager
Neosho County	Melanie Kent-Culp	Emergency Manager
Wilson County	Terry Lyons	Emergency Manager

Table 1: MPC Members

County	Representative	Title
Woodson County	Tim Dimick	Emergency Manager
KDEM	Stephanie Goodman	State Hazard Mitigation Officer
KDEM	Dirk Christian	Planning and Mitigation Bureau Director
KDEM	Mike Ahlf	Mitigation Plan
KDEM	Jim Leftwich	Southcentral Regional Coordinator
KDEM	Joshua Smith	Southcentral Regional Coordinator

Repeated outreach efforts were made to equity partners extending opportunities to have a representative on the MPC. Additionally, please note that Chautauqua County elected not to participate in this planning effort following a historical and political trend. However, to help gain a regional understanding, data concerning Chautauqua County is included in this plan.

2.7 Stakeholders

All eligible jurisdictions were invited to participate in the organization, drafting, completion and adoption of this plan. Invited jurisdictions included, but were not limited to, elected officials, relevant State of Kansas agencies, counties, cities, school districts, non-profit agencies, and businesses.

In order to have an approved hazard mitigation plan, DMA 2000 requires that each jurisdiction participate in the planning process. Each jurisdiction choosing to participate in the development of the plan were required to meet detailed participation requirements, which included the following:

- When practical and affordable, participation in planning meetings
- Provision of information to support the plan development
- Identification of relevant mitigation actions
- Review and comment on plan drafts
- Formal adoption of the plan

Based on the above criteria, the following jurisdictions participated in the planning process, and will individually as a jurisdiction adopt the approved hazard mitigation plan:

Table 2: Plan Stakeholders

Jurisdiction	Participation Requirements Met	Name	Title
Allen County	x	Jason Trego	Emergency Manager
Gas	x	Rhonda Hill	City Clerk
Elsmore	x	Brenda Boyle	Mayor
Humboldt	x	Cole Herder	City Administrator
Iola	x	Matt Rehder	City Administrator
La Harpe	x	Michelle Altis	City Clerk
Moran	x	Lori Evans	City Clerk
Savonburg	x	David Janssen	Mayor
Allen County Community College	x	Cynthia Jacobson	VP for Student Affairs
USD 256 – Moran Public Schools	x	Kim Ensminger	Superintendent
USD 257 - Iola Public Schools	x	Katelyn Young	Operations Assistant
USD 258 – Humboldt Public Schools	x	Tyrone Wooden	School Resource Officer
Heartland Electric	x	Dan Avery	Director of Operations
Community Health Center of SE Kansas	x	Krista Postai	CEO
Bourbon County	x	Brian Allen	Emergency Manager
Bronson	x	Danielle Minor	Clerk
Fort Scott	x	Brad Matkin	City Manager
Fulton	x	Misty Adams	Mayor
Mapleton	x	Ronald Burton	Mayor
Redfield	x	Beth Guss	Clerk

ALLGEIER, MARTIN and ASSOCIATES, INC.
———— Consulting Engineers ————

June 6, 2024

Mr. Kelly Zellner, City Administrator
City of Caney
100 W. 4th Ave
Caney, KS 67333

Re: Maple Ave (CR 1450) Water Line Replacement

Dear Mr. Zellner:

Attached find an electronic copy of the Application and Certificate for Payment #1 from Horseshoe Construction, Inc. requesting payment in the amount of \$279,270.00 for the referenced project.

After your review, please print and fully execute three (3) copies of the Certificate for Payment. One copy, along with payment, should be forwarded to Horseshoe Construction, one copy retained for the City's file, and the remaining copy returned to this office.

If you have any questions, please don't hesitate to contact me.

Sincerely,

ALLGEIER, MARTIN and ASSOCIATES, INC.

CERTIFICATE FOR PAYMENT

MAPLE AVE (CR 1450) WATER LINE REPLACEMENT
CITY OF CANEY, KANSAS

Contractor: Horseshoe Construction, Inc.
853 Innovation Dr.
Bryan, TX 77808

Payment No.: 1
Period From: May 13, 2024
To: June 5, 2024
Date Received: June 6, 2024

Contract Amount.....	\$334,060.00
Total Completed To Date.....	\$310,300.00
Materials Stored On-Hand.....	\$0.00
Total Completed and Stored To Date.....	\$310,300.00
Retainage (10%).....	\$31,030.00
Total Earned Less Retainage.....	\$279,270.00
Less Previous Certificates for Payment.....	\$0.00
Amount Certified This Certificate	\$279,270.00
Contract Balance.....	\$54,790.00

In accordance with the Contract Documents, based on recommendations from the City's on-site observations and data submitted by the Contractor, the Engineer certifies to the Owner that, to the best of the Engineer's knowledge, information, and belief, the Work on the project has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, and the Contractor is hereby entitled to payment in the AMOUNT CERTIFIED THIS CERTIFICATE.
