Quadi⁷ent, Inc

Overview

Hello Joshua Elliott,

Thank you for reaching out to Quadiant, a global leader in mailing solutions. Per your request, I have attached information on our **iX-1 postage meter** rental options.

We're currently offering 12 term 3 additional months or 24/36 term 6 additional months free, free shipping and free starter kit. on this model. Not only will you save on monthly mailing costs, but you'll have a strong mailing and shipping partner with Quadiant.

Want even more reasons to work with us? With Quadiant you'll get:

- All-Inclusive pricing: Meter resets, maintenance, USPS® rate updates and consolidated billing for postage and rental
- Savings: Postage meter users save 3 cents (5%) on First-Class Mail letters
- Discounts with Neoship: Up to 30% off Priority Mail and Priority Mail Express
- Lowest Operational Cost: No convenience fees and lowest overall ink cost
- Exceptional Customer Service and Support: We don't outsource our service overseas like the competition
- We make your transition easy and simple by submitting your cancelation to your current provider for you!

Thank you very much, and I hope to hear from you soon.

Sincerely,
Vanessa Del Rosario
v.delrosario@quadiant.com
972-853-4836 Ext. 64836

***** Please Note: This meter connects through a high-speed digital connection for postage downloads and rate change and software updates.**

Any changes, addition, or modifications to the agreement must be accompanied by the signers initials.

If the address or company name on the form needs to be adjusted, please contact me before you sign and I will send you an updated copy. ***

iX-1

Mailing Systems

The complete and compliant choice for small or home office

BACKED BY THE EXPERTS
Gartner, IDC, Forrester, and Aspire

EXPERIENCE
A rich history of world-class leadership

PROVEN RESULTS
97% customer satisfaction rate

EXPERTISE
7 trillion personalized experiences annually

Are you ready for decertification?

On December 31, 2024, the USPS® plans to discontinue all postage meters that are not IMI (Intelligent Mail Indicia) compliant.

OUTGOING: IBI indicia example

NEW: IMI indicia example

The iX-1 postage meter with its new sleek design and user-friendly interface is fully IMI compliant and USPS® approved.

- Meet USPS® requirements
- Enhance security and ensure postage accuracy
- Avoid interrupted mail service

Mailers are encouraged to adopt new machines by June 2024 in order to not miss the deadline.

Quadient's iX-1 Series postage meter combines mail and parcel processing into one easy solution. With a full set of standard features and innovative apps, nothing delivers like the iX-1.

IMI printing technology

Perfect for your small business or home office, Quadient's iX-1 has Intelligent Mail Indicia (IMI) printing technology, soon to be a mandatory requirement of the USPS®. While most postage meters today generate IBI (Information-Based Indicia), IMI technology offers enhanced security and increased postage accuracy.

Take the guesswork out of postage

With a standard 10 lb. scale, the iX-1 can automatically weigh and calculate postage values guaranteeing you pay the correct amount for every item you send, every time. Never guess the price or overpay for postage again.

Avoid time-consuming trips to the post office

Process mail and parcels from the convenience of your office. Access over 50 USPS® rates and services including First-Class Mail®, Priority Mail® and Certified Mail™. With an iX-1, you will receive timely USPS® rate updates and be able to print postage 24/7.

Personalize your mail

Increase open rates and help promote your business with ad slogans, custom text messages and company logos with just the click of a few buttons.

Streamline shipping processes with Neoship ADVANCED

Quadient's online shipping software enables multi-carrier shipping and so much more. Automatically compare rates across USPS®, FedEx® or UPS®* to find the lowest cost or fastest delivery time to get your parcels to their final destination. The single screen interface is easy to use, saves you time, and makes rate shopping a breeze. Neoship meets the latest USPS® IM®pb (Intelligent Mail® package barcode) requirements. Also receive the following benefits:

- Qualify for discounted postage rates with Commercial Base Pricing
- Get FREE address correction services
- Access FREE insurance - Priority Mail® (up to \$100 value) and Priority Mail Express™ (up to \$100 value)
- Generate detailed reports based on shipment history/operator shipments/transactions

Powerful performance in a compact design

Detachable 10 lb. scale

Rate Wizard

Shortcut keys

Greater weighing capacity for mail and parcels

The iX-1 is equipped with a 10-pound scale that may be removed to accurately weigh larger items. Weigh a wide range of mail, including letters, flats, small parcels and more. From postcards to packages, this scale handles it all.

Rate Wizard simplifies postage rate selection

The Rate Wizard simplifies the process of selecting the correct postal rate and class for your items. With clear step-by-step instructions, the selection process has never been easier.

Eliminate keystrokes with shortcut keys

Shortcut keys are easy to program and save time enabling you to create one-touch access to your most frequently used rates and services. Choose the most commonly used postal rates as well as customize and save the settings for your most frequent jobs.

Easy set up

The iX-1 postage meter comes with a quick assembly guide and “how-to-use” video tutorials to get you up and running in no time. Connect to any network through a high-speed LAN connection. Enjoy fast, automated statistic uploads, postage rate updates, and postage refills.

Do more with a complimentary Myquadiant account

This online portal helps you manage your postage account. Track postage usage, buy supplies, view and pay Quadiant invoices right from your browser. Myquadiant provides quick answers and the convenience of a one stop shop for all your postage needs.

The perfect addition to your small business

With its innovative design and amazing standard features, the iX-1 is the simple yet powerful choice to handle the mail processing and shipping needs of your small business or home office. Contact a Quadiant mailing expert to learn more about the iX-1.

Ink Supply Management Simplified

Your postage meter is smarter than you think. It can even order ink cartridges for you at exactly the right time. As a result, there's no need to:

- Closely monitor the ink level in your mailing system
- Ensure orders are placed early enough to avoid running out of ink and disrupting your mail flow
- Take time out of your schedule to call or go online to order ink
- Communicate with company purchasing staff to request an ink order

It's actually as simple as it sounds. Just leave your meter connected to your local area network. When the ink level reaches 20%, your meter alerts Quadi^{ent} that you'll need a replacement cartridge soon. Quadi^{ent} will promptly ship you a new ink cartridge so that it arrives before your system runs out of ink.

You'll also get notification emails when each ink order is created and when each replacement cartridge ships.

Best of all, your ink orders are charged to your Postage Funding account, so you'll get a single bill for both the postage you download and the ink cartridges you buy.

There's no fees of any kind, and you can opt out whenever you want.

Re: Tank Replacement

Scope of Services

Technical Scope of Supply – RF Tank Replacement

Aria Filtra proposes to replace the existing fabricated RF (T-2) tank with a rotomolded design in an effort to prevent further tank failures. This will be for your AP-4 skid. Aria Filtra will send a service engineer to your site to conduct all necessary modifications. Please note that the new rotomolded tank is not an exact replacement and some piping modifications will be required to accommodate it. These include:

- Discharge piping between the tank outlet and pump P-2 .
- Overflow piping between the tank and the Misc. Drain Piping.

This proposal includes the tank and all materials required to complete piping modifications. It is expected to take one 10-hour day to complete this work.

Please note that this quote is contingent on the assumption that there will be personnel on site to assist our field engineer with lifting the old and new tanks. If this is not the case then this quote must be revised to add an additional Aria Filtra FSE at your site.

Freight charges are not included.

Disclaimer: This proposal is based on information and conditions known at the time of quotation. Aria Filtra reserves the right to revise this proposal through change order(s) should conditions vary significantly from those known at the time of quotation and require additional work or materials.

Total amount for purchase order:

\$21,095.94

Currency: USD

Service Reports: If service reports are required by your site to comply with your company or state regulations, please indicate on your order that service report documents are required. Service reports detailing the visit and recommendations will then be provided.

Materials: This proposal covers parts and services.

Validity: This proposal is valid for 30 days (or Specific Date). If a purchase order is not agreed upon by Seller and Buyer within the price validity period, the pricing set forth in this proposal shall not apply.

Terms of Sale: Standard Terms and Conditions of Sale Non-Systems – The Americas

Terms of Service:

- Regular minimum service charge is for a 10-hour day.

Service Order acceptance and payment terms: AriaFiltrra requires all accounts outstanding beyond 30 days to be paid in full prior to order acceptance. Your account status will be verified at the time of order placement, and you will be notified if you have a balance due. To avoid order processing, goods shipment, or service scheduling delays, please insure your account is up to date in advance of placing your order. Charges per the proposal will be billed automatically upon completion of the service, and sign-off of the service report, and become payable within 30 business days of receipt of the invoice.

Changes: AriaFiltrra shall not implement any changes in the scope of services described in AriaFiltrra’s proposal unless the Customer and AriaFiltrra agree to the details of the change. Any resulting price, schedule or other contractual modifications, will require a verbal change called into AriaFiltrra’s Customer Service Department, with a follow up written confirmation. This includes any changes necessitated by a change in applicable law.

A Purchase Order or written authorization to accept the contract of work as described, along with a signed copy of the attached Customer authorization for service is required in advance of AriaFiltrra providing the service defined in this proposal.

Please Address Your Order to: AriaFiltrra to the below contacts:

Please direct your purchase order to:

For US / Mexico / Latin American Customers	For Canadian Based Customers
<p>Trojan Technologies Corp P.O. Box 5630, 839 State Route 13 Cortland, New York 13045-5630 Phone: 866-475-0115 Email: AriaFiltrraCS@TrojanTechnologies.com Attn: Customer Service</p>	<p>Trojan Technologies 3020 Gore Rd., London, ON, Canada N5V 4T7 Phone: 866-475-0115 Email: AriaFiltrraCS@TrojanTechnologies.com Attn: Customer Service</p>

AriaFiltrra Systems Support

To obtain support for your AriaFiltrra systems installation, our Customers can contact AriaFiltrra via our toll free number at 866-475-0115 or by email to AriaFiltrra_technology_csc@AriaFiltrra.com. Through this channel, you gain access to warranty assistance, technical support as well as our service and spares team.

AriaFiltrra Customers have access to this 24/7 Service Hotline. AriaFiltrra System Engineers are on full-time rotation to provide around-the-clock availability of live technical support. This service is charged at \$300? for support time for the first 30 minutes, during normal workday hours between 9:00-AM and 4:00-PM EST, excluding weekends and holidays.

If your system is out of warranty or does not have a 24/7 service support contract, there will be a charge when technical support is to be provided for intervals longer than 30 minutes, or after-hours technical support to resolve the issue. Extensive off-site support will require a purchase order or credit card. Billing is based on a minimum 1-hour charge at AriaFiltr's off-site hourly service rate. You will be asked to provide your credit card number or service contract purchase order number that will be billed at AriaFiltr's Off-Site Service Rates, with a minimum 1-hour charge. If the problem cannot be resolved over the telephone, the Customer can request a AriaFiltr System Service Representative to visit the site location. You will be quoted an Emergency Service Rate and billed for last-minute travel expenses.

Please feel free to call me at your convenience with any questions or comments. We look forward to providing you with field services to assist you with system operation and await your purchase order.

Sincerely,

Re: Chemical Pumps and FIT Transmitter

Scope of Services

Item 1: Aria Filtra proposes to remove the current (5) chemical pumps and replace with the new pumps as the current chemical pumps are not in use or working order. Aria Filtra proposes to replace the current chemical pumps with a Wilden pump that has a polypropylene wetted path with PTFE elastomers. These wetted parts are compatible with the chemicals used. A field service engineer will visit the site to complete the removal and install. Please be aware of unexpected downtime due to the nature of the work.

Item 2: Aria Filtra proposes to remove the obsolete FIT-1 transmitter and replace with the current version. A field service engineer will visit the site to complete the removal and install. Please be aware of unexpected downtime due to the nature of the work.

Freight charges are not included.

Disclaimer: This proposal is based on information and conditions known at the time of quotation. Aria Filtra reserves the right to revise this proposal through change order(s) should conditions vary significantly from those known at the time of quotation and require additional work or materials.

Proposal Summary

Item 1: Chemical Pumps Including Travel Time	\$23,615.19
Item 2 FIT-1 Transmitter	\$16,785.12

Total amount for purchase order: **\$40,400.31**

Currency: USD

Service Reports: If service reports are required by your site to comply with your company or state regulations, please indicate on your order that service report documents are required. Service reports detailing the visit and recommendations will then be provided.

Materials: This proposal covers parts and services.

Validity: This proposal is valid for 30 days (or Specific Date). If a purchase order is not agreed upon by Seller and Buyer within the price validity period, the pricing set forth in this proposal shall not apply.

Terms of Sale: Standard Terms and Conditions of Sale Non-Systems – The Americas

Terms of Service:

- Regular minimum service charge is for a 10-hour day.

Service Order acceptance and payment terms: AriaFiltra requires all accounts outstanding beyond 30 days to be paid in full prior to order acceptance. Your account status will be verified at the time of order placement, and you will be notified if you have a balance due. To avoid order processing, goods shipment, or service scheduling delays, please insure your account is up to date in advance of placing your order. Charges per the proposal will be billed automatically upon completion of the service, and sign-off of the service report, and become payable within 30 business days of receipt of the invoice.

Changes: AriaFiltra shall not implement any changes in the scope of services described in AriaFiltra’s proposal unless the Customer and AriaFiltra agree to the details of the change. AriaFiltra Systems Support

To obtain support for your AriaFiltra systems installation, our Customers can contact AriaFiltra via our toll free number at 866-475-0115 or by email to AriaFiltra_technology_csc@AriaFiltra.com. Through this channel, you gain access to warranty assistance, technical support as well as our service and spares team.

AriaFiltra Customers have access to this 24/7 Service Hotline. AriaFiltra System Engineers are on full-time rotation to provide around-the-clock availability of live technical support. This service is charged at \$300? for support time for the first 30 minutes, during normal workday hours between 9:00-AM and 4:00-PM EST, excluding weekends and holidays.

If your system is out of warranty or does not have a 24/7 service support contract, there will be a charge when technical support is to be provided for intervals longer than 30 minutes, or after-hours technical support to resolve the issue. Extensive off-site support will require a purchase order or credit card. Billing is based on a minimum 1-hour charge at AriaFiltra's off-site hourly service rate. You will be asked to provide your credit card number or service contract purchase order number that will be billed at AriaFiltra's Off-Site Service Rates, with a minimum 1-hour charge. If the problem cannot be resolved over the telephone, the Customer can request a AriaFiltra System Service Representative to visit the site location. You will be quoted an Emergency Service Rate and billed for last-minute travel expenses.

Please feel free to call me at your convenience with any questions or comments. We look forward to providing you with field services to assist you with system operation and await your purchase order.

Sincerely,

FRANKLIN MILLER GRINDERS

Alliance Pump & Mechanical Service, Inc. is pleased to offer the Franklin Miller open channel, in-line and down- stream grinders. Franklin Miller's broad range of grinders and comminutors are designed for both reliability and ease of maintenance.

Franklin Miller grinders reduce a wide variety of materials- including sanitary wipes, rags, wood, paper, sludge and more so they can pass effectively in the system. These units are proven to reduce pump clogging, protect process and dewatering equipment, reduce solids and keep wastewater systems running smoothly.

The Franklin Miller grinders can be used for multiple applications: wastewater headworks, sludge, recirculation and septage receiving and a variety of industrial applications. Alliance Pump & Mechanical Service is available to repair, replace and/or install a new grinder system.

Rely on the Alliance Pump & Mechanical Service Team for your product needs!

LONE JACK BARNES CHOPPER PUMPS

BACKGROUND:

The city of Lone Jack, Mo. has a lift station at the high school that included wet well submersible pumps that started to require significant maintenance. These pumps had aged so the Director of Operations decided to investigate alternative pump types. Andy wanted a reliable cost- effective solution for the future which would avoid multiply service calls due to clogging.

SITUATION:

With the advent of efficient 1.6- gallon toilets, shower heads, sink faucets, etc. many cities are beginning to experience clogging issues with their non clog pumps. The introduction of baby

wipes, swiffer, and other fibrous materials into the liquid being pumped is causing more sewage pumps to clog on a regular basis. In the last 10-15 years the amount of liquid being pumped has reduced 60% with more fibrous materials filling the void.

Andy, director of operations, said "Being a high school we wanted the most reliable pump to replace our non-clog pumps and limit future service calls."

After discussing his requirements with Alliance Pump & Mechanical Service, he and the city council decided to install the Barnes "Sithe" Chopper Pump. Based on the 10-year platform of the SH pumps, its innovative design will help to provide continual trouble- free service with minimal upfront additional cost.

Old Non clog sewage pump

SUMMARY: To date the two Barnes "Sithe" Chopper Pumps DISPLAYED BELOW have performed beautifully. Andy, Director of Operations, at Lone Jack, Mo. said "the Barnes Chopper Pumps are providing the trouble- free service we wanted so the city is very happy."

Subject: RE: Solution to Solve Clogging Issues with Dry Pit Centrifugal Pumps
Attachments: WinZip Compressed Attachments.zip

Kelly:

There are two options: Estimates before the dimensions and information are confirmed.

- 1) Franklin Miller grinder system
- 2) Replace 1 Centrifugal Dry Pit pump with a Barnes Dry Pit Submersible pump

Option 1:

The Franklin Miller Taskmaster 8512 system will be installed on a rail system and in the wet well piping. A new controller is necessary also. All the liquid will run through the grinder system through piping to the existing dry pit pumps.

Qty 1: TASKMASTER® GRINDER, Model TM851208; MOTOR AND DRIVE ; Automatic Reversing Controller, Model S25060

Equipment	\$51,700
Installation w/ truck	\$13,775
Miscellaneous materials	\$ 1,000

TOTAL \$65,475 est.

Note: This continues to use your existing Dry Pit pumps
Warranty 1 year
Anticipates no by pass equipment required

The benefit of the Franklin Miller system is that the 6 cutter mechanisms are easy to replace. You have 6 cartridges while the competition has 72 pieces to replace the cutters. Your service man can do that while on competition you must call an authorized service person in. Also, the labor time to change will be less. The cutters last less than 3-5 years depending on the sand in the liquid and more than 3-5 years if no sand existing in the liquid. The factory has situations where the cutters last 7-10 years or in one case is changed every year-severe application.

ACTION:

Once again we need to confirm the height of the wet pit, size of inlet pipe and where the inlet is relative to the bottom of the pit

<https://youtu.be/nbHjY9C2BYA> Cutter video.

Option 2:

Our preliminary estimate to replace 1 pump and control panel, modify piping and install the equipment.

Qty 1 Pump 4ESCMC100 N4 chopper pump and simplex control panel:

\$20,425 Equipment Qty 1 chopper pump

\$2,500 piping mod and panel wiring, etc.

\$10,275 include installation, overnights and time

Use the removed centrifugal dry pit pump as a spare pump for other centrifugal pump. TOTAL \$33,200 est.
